## WHAT OTHERS SAY...

### Feedback from Academy graduates:

*"Prior to the course, I had a view that police work really hard, with diminishing resources. While we see less visible policing there is clearly a lot that goes on which the public do not see."*

*"Each person who presented to us was incredibly passionate about their role and contribution towards keeping the public safe and wanting to remove criminals from the streets."*

*"I now look out for suspicious activity which may be fraud. I look out for the kids on the street when I work in the Freeman Street area. The course has opened my eyes to the area I live in and how I can contribute to supporting the police in the smallest of ways."*
