

Adult at risk profile

This information is intended to assist care workers, partner agencies and the police if the person it refers to goes missing.

Please fill in these sections and keep it in a safe place. If possible please complete the electronic version of the form which is available to download from

The form contains a lot of questions – do not worry if you don't have, or cannot get, all of the information it asks for – some of it won't apply to everyone. There are sections intended for professional carers. Please don't worry if you do not understand what they mean.

Please save the form – either in electronic format or handwritten – in a place where it can easily be found if the person it refers to goes missing.

It may need to be located quickly, at any time of the day, by the person who may need the information to begin the initial searches.

It would be helpful if you make several copies, which can be kept safe by care workers, neighbours or relatives. It should be kept up to date and be transferred with the person if they move.

When complete the form will contain personal information and must be stored appropriately to protect the person's privacy. However, if the person goes missing, sharing the information with professionals, including the police in order to protect and safeguard the person will become proportionate, necessary and justified.

The police will only ever ask for the form if the person is reported missing. Thank you for taking the time to complete it. It could help to save someone's life.
