The police response will be to follow the **four-step escalation principles**:

- 1 **Engage**
- 2 **Explain**
- 3 **Encourage**
- 4 **Enforce**

We **police by consent**. The initial police response should be to encourage voluntary compliance.

This could be through asking **individuals, groups or businesses** whether they have heard about the new guidance, and how quickly they can comply with it. This should be done by stressing the risks to public health and the NHS.

There is no power to '**stop and account**'.

The police will apply the law in a system that is **flexible, discretionary and pragmatic**. This will enable officers to make sensible decisions and employ their judgement. **Enforcement should be a last resort**.

Personal safety

Wash your hands frequently

Regularly and thoroughly clean your hands with an alcohol-based hand rub or wash them with soap and water. Wash hands or use sanitiser before going into any address and after exiting.

Maintain social distancing

Maintain a distance of at least two metres (six feet) between yourself and anyone.

Avoid touching your eyes, nose and mouth

Practice respiratory hygiene

Make sure that you, and the people around you, follow good respiratory hygiene. This means covering your mouth and nose with your bent elbow or a tissue when you cough or sneeze. Dispose of the used tissue immediately.

Use the PPE equipment that your force has provided

We are making sure that stocks of PPE equipment are replenished and available for use.

Force Overview

Activity between 02/04/2020 – 25/09/2020

	OFFENCES REPORTED	SUBMITTED TO ACRO	NFA'd/REJECTION	COURT FILES
